M E S S A G E

My sincerest and warmest greetings to all!

Today, the use of computers and other state of the art in information technology in government and non-government sector including academic institutions have facilitated learning and work productivity. I truly recognize and appreciate the concerted efforts of the students of Cahbriba Alternative School for coming up with a website of Los Baños. This would stir up economic and social development of the town which is one of the priority programs of the present administration.

I believe in participatory governance to attain the ultimate goal of bringing total development to Los Baños. It is not the sole responsibility of local officials but all the people, the old and the young that should work hand in hand for a better tomorrow.

CAESAR P. PEREZ
Mayor
